Attention: Teresa Clark

Subject: Lake Alan Henry Water District

Dear Mr. Jones:

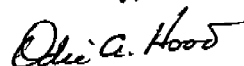

Last April I was privileged to speak at your meeting to introduce the Lake Alan Henry Water District and to request your consideration on amending your Regional Water Plan to include our activities in the Kent County area. Since that time we have been trying to negotiate a contract with the city of Lubbock for the purchase of water from the lake. To date we have not been able to secure that contract.

Due to the uncertainty of getting a contract in a timely manner and the fact that you are presently working on the update of your Regional Water Plan; I think it would be prudent to not spend the time and resources on amending the current plan. However we would like to request that you do include our plans for supplying water to all the citizens of Kent County including those outside the boundaries of the water district in the update of your plan.

We would like to obtain water from Lake Alan Henry, treat it and distribute a high quality water not only to the residents around the lake but to the people in the communities of Girard, Clairemont and Jayton.

Thank you very much for your consideration of our request, and if additional information is required, please contact me at 806-629-4473.

Sincerely,

Odie A. Hood  
Chairman  
LAHWD
