

Groundwater Availability Workgroup Meeting
2/15/05 - Agenda 5 - ACTION

MOTION by Randy Waclawczyk, second by Horace Grace to adopt the groundwater pumpage rate as recommended by HDR and as amended previously for Lee County with the understanding as a regional water planning group we agree that we are going to be inconsistent on how we manage groundwater resources within an aquifer.

AMMENDMENT by Horace Grace to change pumpage to 15, 000 ac/ft (33%) for Lee County only.
