

Agenda Item 6.8
DRAFT Water Management Plans for
Water User Groups

February 22-23, 2005

Background/Update

- ✓ **Demand/supply comparisons nearing completion for each WUG**
- ✓ **For each WUG with a projected shortage (need), a water management plan must be developed**
 - **Needs: Supply less than 105% of demand**
- ✓ **Conservation considered first for WUGs with greater than 140 gpcd use**
- ✓ **HDR & FNI jointly developing plans**

County Status

- ✓ **A DRAFT plan has been completed for each county except Bell, Brazos, Jones, Johnson, Taylor, & Williamson Counties**
- ✓ **HDR is coordinating with entities in those counties to complete those plans**
- ✓ **Freese & Nichols, Inc. is completing DRAFT plans for counties in the upper portion of the Brazos G Region**
- ✓ **Only those counties completed by HDR are being presented today**

Recommended Water Management Strategies (WMS)

- ✓ **Conservation applied to each WUG with a shortage and a GPCD > 140**
