

NOTICE OF SUB-REGIONAL PUBLIC MEETINGS

March 16, 2005

BRAZOS G RWPG INTERESTED PARTIES:

The Brazos G Regional Water Planning Group will hold three (3) sub-regional meetings within the Brazos G Region in the month of April. These meetings are being held to facilitate input from local entities regarding available water supplies, projected water shortages (needs) and preferred water management strategies to address those needs in the 2006 Brazos G Regional Water Plan. The Texas Water Development Board has completed population and water demand projections, and the Brazos G Regional Water Planning Group has estimated available supplies to meet the projected water demands. Water management strategies will be identified in the 2006 Plan to meet shortages whenever the projected demands exceed projected supplies. These meetings are being held to obtain local input prior to submittal of the initially prepared plan.

Draft information for the 2006 Brazos G Initially Prepared Regional Water Plan will be posted to the Brazos G website ten (10) days prior to the public meeting dates as well as an agenda and additional information on the meetings at www.brazosgwater.org. The meetings will be held in the following locations listed below including dates and times.
