Re: Amendment to the 2006 Brazos G Regional Water Plan related to the Palo Pinto County Municipal Water District No. 1 Water Supply Plan

The Brazos G Regional Water Planning Group hereby amends the 2006 Brazos G Regional Water Plan as follows:

- 1. Substitute Turkey Peak Reservoir for the Lake Palo Pinto Off-Channel Reservoir as the Recommended Water Management Strategy for the Palo Pinto County Municipal Water District No. 1, and Designate the Lake Palo Pinto Off-Channel Reservoir as an alternative water management strategy.**

The Palo Pinto County Municipal Water District No. 1 has completed geotechnical, costing and environmental studies of the proposed Lake Palo Pinto Off-Channel Reservoir (Wilson Hollow site), and determined that Turkey Peak Reservoir is the preferred project. Both projects were evaluated during the development of the 2006 Brazos G Regional Water Plan, and Turkey Peak Reservoir was identified as an alternative to the Lake Palo Pinto Off-Channel Reservoir. Pursuant to 31 TAC §357.7(a)(7)(H), Turkey Peak Reservoir is substituted as the recommended water management strategy for the Palo Pinto County Municipal Water District No. 1, and the Lake Palo Pinto Off-Channel Reservoir is designated as an alternative water management strategy.

The revised plan for the Palo Pinto County Municipal Water District No. 1 is shown in Attachment A.
