SUMMARY OF PROFESSIONAL QUALIFICATIONS

Thirty years of flight test, aviation program management, and departmental management. Currently managing a flight operations department that conducts avionics installations, Supplemental Type Certificates and "fly-in" customer support for Part 23 General Aviation aircraft. Previously managed a \$1B military aircraft upgrade program with potential follow on contracts valued at \$10B. Ten years cumulative experience in aircraft avionics engineering design, development, test and project management. Twenty-one overall years experience with military aircraft systems development and test, to include tilt rotor flights, weapons deployment, and helicopter envelope expansion flight tests. Experience with Earned Value Management Systems, Microsoft Project, Integrated Product Teams, international pursuits and briefings to corporate CEO's and Pentagon senior executives.

RECENT MANAGEMENT EXPERIENCE

- Rebaselined an ACAT 1D military program to a new \$897M budget
- Improved the performance of a major sub-contractor by initiating a financial incentive plan and establishing a monthly Performance Assessment Report.
- Implemented a bonus incentive plan for twenty-two Level 1-3 managers.
- Negotiated a Fixed Price contract for the first two Limited Rate Initial production of 16 aircraft.
- Co-authored a Nunn-McCurdy project justification with the USG program office. The justification was congressionally reviewed and approved.
- Co-chaired the Bell H-1 program Earned Value Metric Implementation.
- Negotiated a cooperative agreement with the USG program office to utilize USG Cherry Point Depot facility for induction and teardown of H-1 aircraft.
- Implemented Earned Value metrics management and Tier 5 scheduling at two organizations
- Developed and taught "IPT Program Organizations" to Bell and sub-contract managers.
- Provided numerous program briefings to personnel such as: Assistant Secretary of Defense (Honorable Mr. Aldridge and Mr. Wynne), Secretary of the Navy (Honorable Mr. England), Assistant Secretary of the Navy (Mr. Young), Deputy Chief of Staff, Aviation, USMC (LtGen. Hough), Naval Air Systems Command Program Executive Office (Rear Admiral Enewold and Mr. Tom Laux).

Dear Nominating Committee,

We are pleased to recommend Mr. Christopher Becker for the Brazos G Water Planning Group. Mr. Becker is a Palo Pinto County resident and an involved citizen in the Lake Palo Pinto community. Mr. Becker has demonstrated his commitment, dedication and follow through in both his professional and his private life, and we know he would apply those attributes to his service on the Brazos G Water Planning Group.

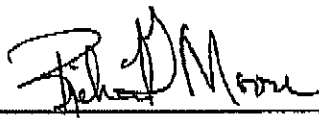

Before he and his wife, Roberta, made the Palo Pinto area their permanent home, Mr. Becker served our nation in an honored military career as a Marine pilot, including his years as a Marine One pilot during President Reagan's presidency. Since his retirement from the military, Mr. Becker has continued to work in the aviation field, as well as to pursue other interests around the Palo Pinto area. Suffice it to say that Chris Becker has devoted his adult life to making our country and our community a better place for all of us.

Despite all of Mr. Becker's accomplishments and interests, we believe that it is his dedication and commitment to the interests of the entire community, whether it be our country as a whole or the small Palo Pinto area he calls home, that make him uniquely qualified to serve with the Group as it plans for the water needs of our entire region. If Mr. Becker is selected to serve on the Brazos G Water Planning Group, we know that he will spend the time necessary for careful study and thought on the issues presented and that he will add an experienced perspective to the group.

Alison Moore

Sincerely,

Richard Moore

To: Brazos G Water Planning Group
From: Pat Moe, Chief Pilot: S-TEC Corporation
Subject: Nomination for Voting Member Vacancy, Brazos G Water Planning Group

Sirs:

I would like to recommend Christopher Becker for the position of "Public Interests" Voting Member on the Brazos G Water Planning Group.

Mr. Becker lives at Palo Pinto Lake and works in Palo Pinto County at the Mineral Wells Airport. He is intensely interested in his community and the area where he lives. I feel that the community would fair well with Chris Becker working for its continuing improvement.

Chris is a Vice President with S-TEC Corporation. He arrived at that position through hard work, outstanding leadership, and a drive to get things done. His military background as an officer, pilot, test pilot, and soldier has prepared him for the most daunting of tasks. From personal observation, I know he relishes a challenge and he is motivated to make things happen. Once he has set is mind to a task, he attacks it with persistence, energy and dedication. He is able to motivate people and facilitates group consensus in all projects with which he is associated.

I think Chris Becker would be an outstanding asset to the Brazos G Water Planning Group.

Pat Moe
Chief Pilot
S-TEC

To: Brazos G Water Planning Group
From: Mrs. Betty Carsten

Subj: Chris Becker nomination for "Public Interests" Voting Member Vacancy, Brazos G Water Planning Group

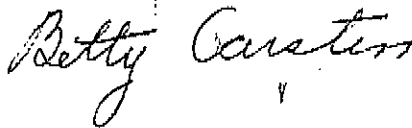

It was brought to my attention that there is a vacancy for the "Public Interests" position on the Brazos G Water Planning Group. I am very interested in the activities that take place within our community, particularly as it applies to expansions, alterations or impacts to our Lake Palo Pinto. You see, I am a resident of Lake Palo Pinto and have been for close to 50 years now.

I would like to see Chris Becker accepted to that position. In the short time I have grown to know Chris Becker he impresses me as an intelligent, well spoken, community oriented young man. I know that he would help many of us on the lake understand the planning and activity that is taking place on behalf of our community. I am confident he will represent all of our interests because he too is a member of the Palo Pinto lake community. His participation would benefit the community as well as your planning group.

Please accept my nomination of Chris Becker to the Public Interests voting vacancy of the Brazos G Water Planning Group.

Thank You

Betty Carsten

September 3, 2008

Dear Nominating Committee,

We are honored to recommend, to the committee, Chris Becker for the position on the Brazos G Water Planning Group. Over the past several years we have had the pleasure to know Chris and his wife Roberta. We have known Chris to be very intelligent and a man of the highest integrity.

Chris has served in the military as a Marine helicopter pilot prior to his retirement from the service. Chris has continued to excel in the aviation industry while being committed to the betterment of his community. Chris has a very open mind and would serve the interest of our community admirably. Chris is an outdoor enthusiast and would be of tremendous benefit to the group.

We know if you were to select Chris he would dedicate the time, energy and ideas necessary to further the issues that the Brazos G Water Planning Group would encounter. If we can be of any further assistance to the group, regarding Chris, please do not hesitate to contact us.

Sincerely,

John and Barbara Marcum
