Re: Region G Member Position

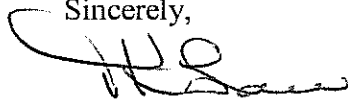

Dear Mr. Buzbee,

I would like to voice my support for Mr. Charles Beseda as a candidate for the open position on the Region G Planning Group. I have worked with Charles as a peer in the water field for many years. Charles has been a constant source of information and support for me, as a rural water manager/operator.

As Vice President, I have also worked with Charles on the Board of the F.H.L.M. Regional Water Supply Corporation since its beginning. This Board has been a source of insight and education for many water companies of the Central Texas area. This endeavor is one that has brought to the forefront of many rural water companies the reality that groundwater is limited for the future. Charles has been working on this since its inception in 2002.

I feel he will be a dedicated and helpful resource for the Region G Planning Group.

Sincerely,

Tricia K. Law
Manager/Operator

To whom it may concern:

I am writing this information about a person named Charles Beseda, whom I have known for years and work very closely with.

Charles is the manager of the Birome Water Supply Cooperation of which I am the President.

Charles is person that you or anyone would want on their team when it comes to water in any size, shape or manner of uses.

He is very knowledgeable and works with several water companies around our area on any type of water problem.

Charles also knows a lot of people in Austin and Washington when it comes to a water problem.

I am proud to say that people on the Birome Water Supply have one of the hardest working and most knowledgeable Managers working for them.

Sincerely:

Milton Stuckly

Re: Region G Member Opening

Dear Trey:

We would like to lend our support to the selection of Charles Beseda to the open position on the Region G planning group. We have worked with Charles as board president of Birome Water Supply Corporation and currently as manager in excess of 20 years. Charles has always sought to stay well informed of current water issues and we think would be a complement to Region G.

Charles is currently president of the FHLM Regional Water Supply Corporation. FHLM is a group of local water systems and small cities who are interested in providing surface water to parts of a four county area.

In addition, Charles has served for many years on the board of the Texas Rural Water Association.

If you have any questions, please do not hesitate to contact me.

Sincerely,

Anna Duff Adamek, P.E.

To whom It may concern;

I am writing this letter on behalf of Charles Beseda. My name is Brandy Dyer, and I am relatively new to the water supply industry, having only three years of experience. Being new means I frequently seek advice from more experienced, reliable individuals on varying matters concerning state regulations, customer relations, and assorted questions I have on a regular basis.

Because of his many years in the water industry, Charles is usually top of my list when I have a question. He is always patient, thorough and reliable. If he doesn't have the answers I need, I know he'll get them.

Charles Beseda has worked for Birome Water Supply for a number of years, as a Manager and Operator. He is also currently secretary for Texas Rural Water Association.

Charles is honest, reliable, and experienced, these are all qualities sure to benefit Region G planning group, and I am very pleased to have the opportunity to give him this referral. If you have any questions, please call me at (254) 829-2907. I appreciate your time and sincerely believe you'll find the qualities you are looking for in a member in Charles Beseda.

Thank you,

Brandy Dyer

Re: Region G Member Opening

Dear Mr. Buzbee:

I would like to lend my support for the selection of Charles Beseda to the open position on the Region G Planning Group.

I have worked with Charles as a Board member on the Texas Rural Water Association Board of Directors for the past 20 years. Being involved in TRWA gives a person tremendous experience in water related issues and the political process involved.

Charles is involved in their groundwater conservation district and has discussed several district issues relating to a new district procedures with me as a director on Post Oak Savannah Groundwater Conservation District.

I feel that he would be a real complement to Region G Planning Group.

If you have any questions, please do not hesitate to contact me.

Sincerely,

Dwayne Jekel

Dear Trey:

I would like to recommend Charles Beseda to be the water utility representative the Brazos G Regional Water Planning Group. Charles is a member of the TRWA Board of Directors and has been active in state and local water issues for the past 20 years. He is currently the manager of the Birome Water Supply Corporation in Mt. Calm, Texas. I believe that Charles Beseda would be a great asset to the regional planning group as it begins the next critical phase of developing the Regional Water Plan.

It is vital that small, rural water utilities continue to be represented on this important regional water planning group. I would appreciate your consideration of this recommendation.

Sincerely,

Tom Duck, Executive Director
Texas Rural Water Association
