

Brazos G Regional Water Planning Group

WATER POLICY ISSUE #4

Topic: Surface Water

Issue #4: Interbasin Transfers of Surface Water

“The Brazos G Regional Water Planning Group recognizes that Interbasin Transfers have been a critical component of water management in Region G. The Texas Water Development Board projects that the State’s population may double in the next 50 years. ~~IBTs will be a necessary component of the water management strategies.~~”

Deleted: , as there are currently over 80 permitted IBTs statewide.

Formatted: Font color: Auto, Not Strikethrough

Deleted: will

Deleted: It is intuitive that

Deleted: The real issue is how to accomplish future IBTs in fairness.”
