BRAZOS G WATER PLANNING GROUP
VOTING MEMBER APPLICATION

Applicant: Dorothy Morgan

Briefly describe why you wish to serve on the Brazos G RWPG:

The conservation and availability of water is a concern. When the Legislature initiated these planning groups, it allowed all counties and cities to prepare for their future with the information these groups would provide. I am a firm believer in conservation, planning and availability of water, therefore, I would give full attention as a voting member. I have lived my whole life in this region, and I feel I know the area well enough to be an asset for the Brazos G Water Planning Group.

Describe your qualifications and/or skills that represent the 'Counties' Interest:

I have been County Judge for Washington County since 1991, totaling approximately 20 years. Prior to that, I was Mayor of Brenham from 1982-1990. With my political experience and common sense, I have the ability to evaluate situations, find options and eventually make the best decisions I can based on facts. I also have the ability to look ahead and determine what the consequences or positive results may be as a result of the decisions made today.

If applicable, describe your qualifications and/or skills that might represent other Interest

Categories for future voting member vacancies that are not being solicited for in this application.

I would be able to represent municipalities' interests with my background of being Mayor of Brenham. I would also be able to represent the public's interests with my all-around knowledge and common sense and utilizing my years of experience as a school teacher.

If you could achieve one goal during your term as a Brazos G RWPG member, what would it be?

To have adequate data for cities and counties to help them prepare for their future. Water is the most vital element of existence. In addition, my goal would be to have as much information as possible and understand that information for me to make the best decisions for our Region G.

Re: Nomination of Dorothy Morgan as member representing Counties interest

To: Executive Committee

I would support the nomination of Dorothy Morgan as a voting member of the Brazos G Regional Water Planning Group. Dorothy Morgan has served as the Mayor of the City of Brenham, Texas, from 1982 till 1990. She was then elected County Judge of Washington County, Texas. She will be retiring as County Judge at the end of 2010, after twenty years of service to the County. During the time as Mayor and County Judge, she has been made aware of many of the water related issues and has at times been involved on committees involved in discussions on these issues.

Dorothy Morgan has served for many years on the Brazos Valley Regional Council of Government, including being Chairman of the Board. She is very capable and always studies the issues. She is never afraid to speak out during discussions, which most always show that she has studied the issue very thoroughly.

Dorothy Morgan would be a great asset to have on this planning group and would represent this Region well. Dorothy is retiring as County Judge and would have the time to devote to this planning group.

Sincerely yours,
